A RARE OPPORTUNITY TO SECURE AN ELEGANT

A RARE OPPORTUNITY TO SECURE AN ELEGANT Country Home.

The owner, having decided upon removal to a distant State, will seil his elegant Country Seat—Vila, Outbuildings and 23 acres of Land—at Cuitton, on the New York and Erle Railway, between Passaic and Paterson, N. J.

Being but 18 miles from New York City that (20 minutes) ride from the Paronia ferry, six miles from Newark, two and a half miles from Paterson, one mile from Cilifton, and one and one-balf mile from Passaic, it is in the very heart of the section now commanding so much attention for its beauty of landscape, healthful climate, richness of soil and rapidly enhancing worth of its estates.

Superasded, however, to all these advantages of location and approach, this line property is touched on two sides by the new lines of the Delaware and Lackawanna and the Newark and Paterson Railways. Begots on both roads within five minutes' walk of the house. With these several first class lines to the city, additional value is given to the entire 25 acres, rendering it eminently feasible to cut up the land into lots or plots to any extent desired.

In this respect the extate offers a rare opportunity for investment for speculation or improvement; and if properly managed, the open land can be so disposed of, in lots and plots, as to clear the homestical and surrout ding three or four acres. The present owner, having in view such a disposition, has had the entire premises surreved and mapped. This map will be given to all parties contempiating purchase. The subdivisions comprise proper streets, and one hundred and coventy lots and plots, after reserving inner to four acres upon which stand the buildings above indeeded.

The House is 48x86, extension 4x19, two and a half stories, cellar under all, with all the modern improvements, lediding bells, speaking tubes, gas and water, the latter supplied by hydraute ram.

The Outbuildings are complete, embracing Porter's Lodge, House, Stater, Caviriage Bouer. Gow House, Chicken House and Gardener's House.

Grounds descri
